

Do you have a good idea? Want to implement it at Roskilde Festival?

Roskilde Festival Entrepreneurs (RFE) is a chance for you have an idea that you would love to realise. It's a chance to take a step out of the world of education and theory and try out your idea on a real audience. And it's a chance for you who want to build up a creative network with other young innovators.

This is a course full of fun and playfulness – you are the inventor and you can develop your own crazy ideas – and it's a course of great personal development and experience. So start generating ideas and find some mates to team up with.

First step: weekend camp

The first step of RFE is a weekend camp in late October – with workshops, idea generating and relevant presentations. You will get professional counseling and plenty of input to take your idea on to the next level.

After the weekend camp we will select the best groups and projects to continue in the course, and they can continue developing their projects.

Finally, we will choose the best groups to use Roskilde Festival as a big testing ground. We will provide the groups with all necessary resources to realise their projects in front of an audience of 100,000 festival-goers.

Apply before 18 October

If you want to be a part of RFE, please send us your idea in an application. The deadline for applying is on the 25TH of October 2010. The weekend camp is on 30-31 October 2010, and Roskilde Festival 2011 is from 30 June to 3 July.

You can find much more information at www.roskilde-festival.dk/rfe – and you are much welcome to contact us on rfe@roskilde-festival.dk.

RFE is a collaboration between Roskilde Festival, the Danish student incubators, The Danish Foundation for Entrepreneurship and Next Generation.
