Subject: Invitation: Entrepreneurship & Innovation Program in ISRAEL - The Start-Up Nation
| The Hebrew University of Jerusalem

Dear Dr. Soeren Salomo,

We would like to invite the students of your institution to take part in the upcoming session of our entrepreneurship and innovation program in Israel: **InnovNation** at the Hebrew University of Jerusalem from **June 30 to July 28, 2013**.

InnovNation's executive and study abroad programs seek to spark innovation by exposing participants to the high tech industry and entrepreneurial eco-system of the **Start-Up Nation**. Through exclusive lectures, meetings, and site visits, this program combines theoretical know-how with the insights and first-hand experience of some of Israel's top companies and entrepreneurs.

Participants in this program will be able to earn 3-6 academic credits through the Rothberg International School of the **Hebrew University of Jerusalem**, rated among the **World's Top 100 Universities**. For further information please refer to our [2013 program brochure](#) at:

www.innovNation.net/pdf

We would be very grateful if you could **forward the invitation below** to students and contacts who may be interested in participating in or promoting this initiative. We would also appreciate if you could **publish information about the program on any relevant websites, blogs or social media channels**.

Please do not hesitate to contact me if you have any questions or suggestions.

Thank you in advance for your collaboration,

Javier Gelbwaser
Executive Director

Entrepreneurship & Innovation Program in ISRAEL - The Hebrew University of Jerusalem

Take part in a unique, hands-on international experience in Israel and participate in one of **InnovNations** study abroad and executive programs at the [Rothberg International School](#) of the Hebrew University of Jerusalem from **June 30 to July 28, 2013**.

Go beyond your imagination in the [Start-Up Nation](#). Gain access to the high tech industries in Israel, learn from the insights and first-hand experience of some of the country's leading innovative companies and entrepreneurs, and earn academic credits at one of the **World's Top 100 Universities**.

For more information about the program, please refer to our [PDF brochure](#), [Facebook Page](#) or website: www.innovNation.net.

Start-Ups & Innovation The Israeli Model | 3 academic credits

This program offers the opportunity to benchmark Israel's best practices in the fields of entrepreneurship and innovation. Participants will gain direct access to the insights of serial start-up founders, investors, industry specialists, and R&D staff of leading multinational firms. In addition, they will learn tools and methodologies critical to both the creation of start-up companies and innovative ventures of large organizations.

Breakthrough Technologies - Shaping the Future | 3 academic credits

This program analyzes how exponentially growing technologies may impact our lives, industries, and society in the next decade. Participants will meet experts who specialize in different disruptive technologies and gain exposure to some of the latest breakthroughs developed in Israel. Based on these insights, students will be better prepared to seize the opportunities and face the challenges arising from the emergence of such technologies.
