

PROOF of CONCEPT FINANCING

Wednesday, 08 May 2013

Katapult at Copenhagen University offers POC financing to perspective student start-up projects: You may apply for up to DKK 35.000 to prove the commercial potential of your business idea.

Why Apply?

Because Next Generation/ Katapult and the Danish Foundation for Entrepreneurship gives you a unique opportunity to try your ideas in real life. Students that are approved for the program will be granted funding and also gives you access to a unique network that can take your idea to a new level.

What does it take to apply for funding?

You have to be a full time student at a university or a short- or medium length higher education to apply. Students can achieve funding to test and develop their business idea and will be expected to co-fund 25% of the total amount. The total amount student can apply for is 35.000DKK.

Funding can be used to fund for e.g.:

- Business model testing
- Marketing analysis
- Prototyping
- External consultation
- Renting equipment
- Tuition fees
- Pilot studies

Application form can be downloaded here: <http://www.ffe-ye.dk/videregaaende-uddannelser/for-studerende/stoette-til-gode-id%C3%A9er.aspx>

Application deadline:

01 June 2013

Send your application to info apply@ffe-ye.dk and mark your application with “application VU” if you are studying in a higher education. If you are studying in a youth education or Gymnasium, you should mark it “Application UNG”.

If you have any questions contact Pål or Peter at paal@ffe-ye.dk or pco@science.ku.dk or have a look at http://katapult.ku.dk/english/for_students/funding/

And...

....become a part of the success.

60% of funded ideas have today a CVR number.

20% have employs

For more information about the funds you can participate the workshop “How to fund your idea?” May 16 4pm at Thorvaldsensvej 57, Frederiksberg C. Registration here: <http://katapult.ku.dk/aktiviteter/workshop-foraar-2013/>

Best regards
