

Entrepreneurs Abroad

Entrepreneurs Abroad is a possibility for you who want to try your knowledge and entrepreneurial skills in an internship. We provide you with the opportunity to work and learn in a small startup company in either Silicon Valley or Shanghai. Becoming an entrepreneur requires international ambitions and this is the opportunity to get international experience within the entrepreneurial field. As an applicant you can choose between Silicon Valley and Shanghai. Silicon Valley is the international mecca for innovation and entrepreneurship where new products and concepts are invented and new trends and tendencies developed. Shanghai is the most important city in the modern Chinese economy and is the center for cultural, industrial and commercial development.

All students we be provided help with the visa applications and a grant/scholarship to cover expenses for traveling to/from the destination. The students will be expected to cover living expenses and pocket money themselves. We encourage all students to apply for scholarships in other funds to cover their expenses.

The chosen 15 students will get:

- Workshop in pitching and product development
- 10 students travel to Silicon Valley and 5 to Shanghai for the fall semester
- One week introduction to the cities and their entrepreneurship environment by the Innovation Center Denmark
- A 3-4 months internship at an innovation-based company
- Company visits and network events
- Contact to universities in Silicon Valley and Shanghai
- Membership in the Entrepreneurs Abroad Alumni

Apply before May 1th.
